

Equilibrium Graphic Organizer

For each of the determinants (shifters) of supply and demand, please write a headline corresponding to the markets related to Lakewood High School to indicate a shift. Then draw the resulting shift and be sure to label the equilibrium price and quantity.

Determinant	Headline	Graph	P/Q
(D) change in consumer tastes	<i>Orange and Black dresses are all the rage this season</i>		P Q
(D) change in consumer tastes			P Q
(D) change in the # of consumers			P Q
(D) change in consumer incomes			P Q
(D) change in the price of a substitute			P Q
(D) change in the price of a complement			P Q

(D) change in the price expectations

(S) change in costs of inputs to production process

(S) change in technology

(S) change in # of producers in the market

(S) government policies

(S) change in price expectations
